Course Descriptions

To discuss briefly the subjects taught by Mississippi College of Beauty Culture, we would like to introduce the following descriptions of the different subjects taught:

- **STERILIZING, SANITATION, HYGIENE, & BACTERIOLOGY:**
These are all closely related subjects and have to do with the health of the individual and the community. We teach special precautions in regard to the handling of instruments and the sterilization of those instruments.
- **ANATOMY:**
The study of the structures of the body and the way they relate to the study of cosmetology. This is to make the student aware of how much the body condition relates to the outward appearance.
- **MUSCULAR, CIRCULATORY, RESPIRATORY, EXCRETORY, & DIGESTIVE SYSTEMS:**
The study of the different systems of the body and how they may adversely or beneficially affect the growth, reproduction, and health of the body.
- **SKIN & ITS DISORDERS:**
The study of the skin and how to cleanse and care for it. This is of utmost concern to the student—not only to help others, but to help himself or herself.
- **HAIR & ITS DISORDERS:**
The study of the hair, its composition and how to clean and condition it. One must understand the structure of the hair before one can style and care for it properly.
- **NAIL & ITS DISORDERS:**
The study of the nail, its composition, and its different parts. The student learns to recognize untreatable diseases and how to help the appearance of the nail.
- **CHEMISTRY:**
The science that deals with substances, what they are made of and how they constantly change. The student learns to recognize certain chemicals and how they are involved more and more in beauty industry.
- **STATE COSMETOLOGY LAW:**
The rules that must be observed in the State of Mississippi.
- **SANITATION RULES:**
The rules in the State of Mississippi relating to the cleanliness of the individual and the facilities.
- **GENERAL RULES:**
The rules in the State of Mississippi that must be observed regarding ethics and professionalism.
- **SHAMPOOING:**
An important preliminary. It lays the base for future work. It is given for sanitary reasons and to help obtain better results in styling.
- **FINGER WAVING:**
An aid to hair designing. It teaches the student to move and control the hair. It is the foundation for many hairstyles.
- **PIN CURLING:**
The setting of the hair with the use of fingers, combs, and clips. It gives students the insight to the different techniques involved in hair styling.
- **COMB-OUT:**
To the client, this is the most important part. It is the finished product. This is where the student can see and enjoy his work.
- **TINTING:**
The addition of artificial color to the natural pigment of the hair. Today in the salon, color is the fastest growing service in the salon.

- **BLEACHING:**
The removal of natural pigment or artificial color from the hair.
- **RINSES:**
The study of temporary color for the hair. The student will learn how to apply these colors and will learn when their use is best.
- **TEXTURAL SERVICES:**
The process of taking straight hair and changing it to a curly form and the process of taking over-curly hair and changing it to a straighter, more workable form.
- **HAIR & SCALP CONDITIONING:**
This is the professional application of substances to better the condition of hair and scalp. The student will learn how to analyze the hair and scalp in order to make a good decision on which product to use.
- **HAIR SCULPTURE:**
This is the art of shaping the hair into a desired form. The overall shape of the final design is determined by the sculpture.
- **MANICURING:**
This is the care of the hands and the nails. The student learns to do this procedure as well as how to apply sculptured nails.
- **FACIALS:**
The cleansing & manipulations to improve circulation and the application of make-up if desired.
- **ORAL INSTRUCTIONS:**
This is given to enhance each subject taught and to provide additional information on subjects.

All of the phases of our course are designed to give you the education you will need in the different aspects of the field of cosmetology.

State Board Licensure Requirements for Cosmetology Instructor Course

Any person applying for an instructor's license shall:

1. No less than twenty years of age.

State Examination Requirements for Basic Cosmetology

After students have completed (1500) hours in a period of not less than nine months and after they have completed all testing and assignments provided by the school, they may make application with the State Board of Cosmetology for the State Board examination. Included with this must be 2x3 professional photographs, the State Board examination application and a transcript of final grades. Fee for the examination is \$285.00. Applicants must take mannequins and all required with them. The state examination consists of practical skills and a written test on the theory of cosmetology. Our school prepares you for this examination. At any time the training of a student is terminated, the student will receive a transcript showing the training received while in attendance at the Mississippi College of Beauty Culture and any hours accepted by the school upon entrance, according to the state of Mississippi and other states, if they are approved by Mississippi State Board of Cosmetology. Each case is examined and determined individually.

Employment Assistance

Employment assistance policy is as follows: M.C.B.C. keeps a list of salons inquiring for stylists. These salons are posted on the Job Placement bulletin board. Upon the successful completion of the course, or sooner, if in the opinion of the school it is advisable, the student may register for employment assistance and the school will use its best efforts to successfully place the student. However, the student is advised that the law prohibits any school, college, etc. from guaranteeing placement as in inducement to enter said school.
